

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Science	<p>Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children’s personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children’s vocabulary will support later reading comprehension.</p>					
EYFS	Humans	Seasonal Changes	Materials	Animals excluding humans	Living things and their habitats	Forces
Year 1,2	Animals including humans	Living things and their habitat	Use of everyday materials	Animals including humans	Plants	Plants
Year 3,4	Animals including humans (Food chains)	Electricity	Rocks	States of matter	Animals including humans	Plants
Year 5,6	Animals including humans. (Heart)	Properties and Material changes	Living things and life cycles	Living things and habitats	Evolution	Animals including humans (Reproduction)
