

Peace Symbols

Your task today is to cut and stick the symbols from each of the world religions on the peace symbol below. You will need to stick the correct symbols on the correct side of the peace symbol to match with either inner peace or community cohesion. You will need to cut out the symbols from the bottom of the page for each religion. If you would prefer to draw the symbols instead of cutting and sticking, you may.

Peace Symbols

Your task today is to draw the symbols from each of the world religions on the peace symbol below. You will need to draw the correct symbols on the correct side of the peace symbol to match with either inner peace or community cohesion. You may use the symbols at the bottom of the page to copy for each religion. You can choose whether to draw each symbol once on the correct sides, or you may wish to create a pattern of symbols and draw it numerous times. Either is fine, so long as the symbol is on the correct side!
