

EY Resource

Listen to the different people, who are telling us who they are proud of or who is proud of them. Who are you proud of? Why are you proud of that person? Can you think of anyone else that you're proud of? Who do you think is proud of you? Can you ask your teacher or your parents/carers to tell you some of the things that make them very proud of you?

I'm so proud of my Grandson for making my birthday so special!

We are so proud of our big girl for being an amazing big sister. She helps us to feed and bath the baby and she plays with her and makes her laugh!

I'm proud of my Mummy who has been a brilliant teacher to me whilst we have been at home.

My Dad says he is really proud of me because I didn't give up trying to ride my bike and now I can do it!
